TWO-HOUR BURGLARY.

Robbers Penetrate Labyrinth to Get Into Third-street Shop and Operate Undisturbed—Two Stores of One Firm are Raided.

THE most remarkable couplet of burglaries chronicled in this city for many months took place at an early hour yesterday morning. A striking feature of the two jobs is that the same firm was the victim of both. More remarkable yet is the persistence of the operators. The Steinen-Kirchner Cutlery Company is the owner of two barber supply stores in this city, one at No. 210 North Main street, the other at No. 130 West Third street. Both of these stores were broken into. About \$25 was taken from the east-

ern stores were entered yesterday morning and that the establishment had been robbed so recently led detectives to believe that some one connected directly or indirectly with the business is guilty of the theft. The proprietors however scout this theory and are strong in their conviction that it was done by outside parties. They admit that the jobs show considerable knowledge of the stores, particularly the one located on Main street, where the operators bored holes in the door in order to saw the cross with which it was fastened. So accurate was their judgment that they

establishment. His surprise when he found that burglars had been there can be imagined.

PERSISTENT RASCALS.

The proprietors have built an addition to the rear of the building about twenty feet long and twelve feet wide. Opening into this part of the building is a large door with very heavy plate-glass panels. One of these was broken completely out. Inside the room the men were confronted with a solid partition over ten feet high and extending to within three feet of the ceiling. The outer part of the room is used by the boys of the business college for storing their wheels. Racks are placed along the wall for this purpose. One of these was torn loose and with it for a ladder the top of the partition was reached. To the floor was a drop of about seven feet onto a power grinnstone. Without a confederate it would have been impossible to get back over the partition.

From the grinnstone room into the store the men crawled. Another thing they did was to crawl through a movable window about two and one-half feet square and were in the main room. Had they been detected escape would have been impossible, for it would have taken at least fifteen minutes to retrace their steps.

Getting the saw was short work, for it was in a small drawer with no lock worth the name. The small saw standing within ten feet of the cash drawer and containing several hundred dollars was unguarded.

To reach the rear of the Third-street building was easy enough, for there is an alley between the building and the street. There is no such approach to the Main-street store and Kirchner believes that the thieves came from some of the lodging-houses fronting on East First street.

FAMILIAR WITH THE STORE.

In the rear of these tenements and running parallel with the block in which the Steinen-Kirchner shop is located is a long, low shed. The men evidently climbed upon this and walked along until nearly opposite the rear door, where they could easily descend by means of an enormous abandoned saw which leaned against the shed. To reach the door then their only obstacle was a six-foot fence. Their footmarks where they vaulted this can be plainly seen.

Once at the door the fact that they were perfectly familiar with the store was apparent.

They made only one slip in their calculations. They first tried to bore a hole in one of the panels, but struck iron sheeting on the inside. Then they bored three holes in the edge of the door and three more holes in the casing beside them. After a little cutting with a knife they were able to insert a saw with which the crossbar was cut.

This work admitted them into the storeroom. The saw method permitted them to unlatch the door into the main store. The instrument used was a six-inch auger and the door was forced exactly to the spot necessary to accomplish the purpose.

BAPTIST EDITOR DIES.

Passing of Rev. Luther S. Trowbridge of Detroit—Leader in His Denomination.

Rev. Luther S. Trowbridge of Detroit, Mich., died in his apartments at the Minneapolis Hotel in this city yesterday morning. He was editor of the Christian Herald, Detroit, and was one of the best known Baptist editors in the United States. Dr. Trowbridge was born in New York in 1833, removed to Ohio with his parents when a child and pursued his studies in Miami College, late accompanying a favorite teacher, Prof. Page, to Kalamazoo College, Michigan, where he was graduated in the classical course in 1860. He took up the study of theology and was ordained to the Baptist ministry in 1861, becoming the first pastor of the newly-organized church at Three Rivers, Mich. Here he erected a new church edifice and increased the membership of the church from 30 to 400. He resigned this pastorate in 1869 to accept the financial secretaryship of the Kalamazoo College, his alma mater.

In the educational interests of the college he established the Christian Herald in 1870, which became the official organ of the Baptist denomination in that State. He conducted this journal as editor and proprietor for over thirty-two years from 1870 to 1902.

Declining health made it necessary for him to retire from business, and he sold the Herald in March, 1902. Accompanied by his wife, he came to Los Angeles, reaching here on Thanksgiving Day. For awhile his strength and general health improved, but he passed away quietly and peacefully Sunday morning.

The funeral services will be held in

Side Talks By The Office Boy

We are going to have a Christmas tree out here again this year. I've seen Ma down in the front of the store blowing herself several times lately, so I know we're all going to get good stuff this Christmas. Cause that's the only kind they sell in this store. I don't know what the boss is going to give me for Christmas. I'd rather have an interest in the business than most anything else, unless it was a \$25 Remington rifle and we don't sell them. I think Pa's to get a Cravatette coat. They're the best kind of overcoats, cause they turn the rain, and they're not rubber like a Macintosh is. I saw Ma rubbering at them the other day and this morning I saw her with a tape-line measuring Pa's old overcoat. Another thing I'm going to have when I get big is Palamas. I think Palamas are the real skin. We sell a good many in pure silk. Night shirts are all right for fat fellows and old men but for young fellows like me and you, they're buying those Soft Neglige shirts. They come in Pique Silk, Silk and Wool, Silk and Linen, Japanese Crepe, etc.

SANG CAROLS.

And Heard About the Children of Other Lands—Sunday-school Rally.

More than 1200 Sunday-school children assembled at the First Methodist Church yesterday afternoon and heard of the way little children celebrate the day in other lands. As an outpouring of their own joy this little army of worshippers from all over the city handed together and sang numerous carols. It was one of the most effective services ever held in this city and was under the auspices of the Los Angeles Primary Sunday-school Union.

Miss Jean Loomis of Pasadena and Miss Mae Brockway of Kansas talked about Syrian children, and several little ones were dressed in native Syrian costumes to illustrate. Another pretty picture was presented when children dressed in Burmese attire posed, while Mrs. Truman Johnson told of life in Burma. Mrs. Sherman's subject was "Children of Korea," and with her was a native-born Korean girl that looked the part to perfection. J. A. Foshey sang "When I Read that Sweet Story" and pleased the little ones with some happy remarks.

THIS Year's Number of the Los Angeles Times, complete, will be sent to any address in the United States, postpaid, for 14 cents.

The Trail of the Third Street Burglars—Labyrinth Through Which They Penetrated in Two Hours' Work.

box of the Third-street establishment. At the Main-street store little if anything was secured.

The thieves were after money as none of the valuable cutlery was missing although hundreds of dollars' worth of choice plunder could easily be obtained from either place.

This is the second time in less than a year that this concern has been burglarized. On the first day of last January, but a few weeks after the firm had opened its new quarters on Third street, the store was entered and nearly \$500 worth of cutlery and silverware was stolen.

The fact that the two Steinen-Kirchner

SERUM PUT INTO BRAIN.

Startling Treatment for Lockjaw At County Hospital—Man May Live.

An interesting experiment is being tried at the County Hospital in an attempt to save the life of Albert Welsh who was brought in from Santa Fe Springs Saturday afternoon with a bad case of lockjaw, resultant from the injury of his finger in a buzz saw. Anti-tetanus serum has been injected into his brain. It is the first time that this method of injecting the antitoxine has been used in Southern California, and it is done as a last resort. Welsh was taken with lockjaw three days before he received medical attention and when he arrived at the County Hospital it was thought he could live but a few hours. Drs. Barber, Norton, Tebbetts and Blaney administered the serum and last night his jaw was loosened and his limbs had relaxed. While he may not recover it is said that the result of injecting the serum in the brain has been encouraging. Welsh is 43 years of age, is not married and has no immediate relatives.

did not miss the required spot half an inch.

The proprietors believe that the job was not done by professionals, but by amateurs or men who needed the money and did not care to be bothered with the stock, fearing that an attempt to dispose of it might lead to their detection and arrest. This theory is strengthened materially by the fact that at the Third-street store there was a safe containing some \$200 or \$400. The safe is not a large one and looks as if it could be opened by any crackman of experience. Such a job would be easy in this case, for it is located in the private office, which could so shut out the light from the street that one could work there with little or no danger of being observed from the street.

The electric lights at the Third-street store were undisturbed, the money drawer being in the back part of the room, where they could easily gain access to it without being seen from the street. In the Main-street establishment, however, the money drawer is well up toward the front, and there the culprits turned off the light.

A NOISY JOB.

That they were not detected in one of the strangest features of the case. At the Third street place they broke two big windows, one of them of unusually heavy plate glass, while the fragments from the other fell fully ten feet. According to the opinion of detectives, who are investigating the case, the robbers must have been at work at the Main-street door for fully two hours. It must have taken fully as long at the Third-street place.

Had it not been for the sleepiness of a porter and his companion the burglars might now be in one of the cells of the city jail.

The porter and the attendant of the baths next door to the Third-street store, sleep in room in the rear of the building. They heard the racket, and even looked at the clock to see what time it was. It was just five minutes past twelve. Then they rolled over and peacefully went to sleep while the robbers continued their work undisturbed.

The men give as their reason for not investigating the disturbance that they thought it came from a Japanese photograph establishment near by.

Early yesterday morning Mr. Kirchner received a telephone message from his partner announcing that the Third-street store had been burglarized. He hastened to the place and found that all of the change in the cash drawer had been taken. After making thorough investigation and satisfying himself that nothing had been taken save the money in the drawer (about \$25), Kirchner went to the Main-street store.

Permanent in Good Results

No other treatment has such lasting effects as that which is applied personally with a knowledge of the Exact Cause and condition.

FUNCTIONAL DECLINE, ORGANIC WEAKNESS

I COMPLETELY CURE WITHOUT TONICS

This condition is commonly termed "Weakness" and most physicians trace its cause to the prostate gland and want of better knowledge of the true condition and actual cause. By powerful stimulating tonics they produce temporary activity, which results in a more weakened condition after the first effects, which is only a drug effect and should be avoided.

My treatment restores functional order of the highest standard throughout the affected parts. It is the only rational and scientific method yet employed which will produce permanent results in the cure of this so-called Weakness.

Varicocele

I cure soundly and completely in 4 to 6 days. My treatment is painless, the only one that will preserve and strengthen the reproductive system.

Stricture

There is no other treatment which will permanently remove all sources of inflammation, catarrhs or narrowing condition. Mine is the most cleanly and perfect known and comparatively easy.

NOT BY MAIL

This is a matter of guesswork. No one is able to give satisfactory results by such unreliable means. Thousands have tried it and failed. My method of treatment is reliable and acts at the EXACT CAUSE.

MUSICAL CYCLONE AT THE CHUTES.

AN AUDIENCE of 15,000 assembled yesterday afternoon to see the debut of the musical "Circle Swing" at the Chutes. During the week past the Chutes management has built an addition to the band stand, and an elevated platform back of this, running nearly to the dizzy "Circle Swing" with chairs.

Afterward Dimitris played his "Los Angeles Girls" trumpet solo, and young femininity trumped most unkindly on others' toes in an endeavor to catch a glimpse of the tall Greek. Wonder if two months ago that same solo was called "Milwaukee Girls?"

The first part of the programme con-

THREE FLASHES OF THE ITALIANS' LEADER.

enough to accommodate 2000 people. This was filled early in the afternoon, and when Ferullo, medals and honours, came upon the platform the multitude behind climbed upon the railing, trampled upon the flowers and the velvet grass plots, and rubbished swarmed over everything adjacent save a full fountain basin and the watery den of certain ill-tempered sea lions.

Ferullo opened the programme with his own new march, "Expo," following it up with a necessary encore. The snap and swing of "Expo" won the attention of the listeners away out beyond the reserved seats, and even the heartless engineer of the diminutive locomotive—which has a voice in great disproportion to its size—refused to blow his whistle as an interruption.

After this came the overture to "William Tell," gorgeously brilliant, and tingling with the contagious animation springing from the little human dynamo behind the director's stand. Ferullo's immaculate collar began to go here—just in that you know, where the plaintive little oboe solo ceases and the accelerando, crescendo everything—

cluded with a heavy selection from Leoncavallo's "Pagliacci" in its interpretation under the new conductor's baton was an artistic triumph. The music included the well-known prologue, the arrival of the clown and the great finale. Though the incomparable tone of Giuseppe Curli's human-voiced baritone was missed in the prologue by those who were familiar with his playing last year, Sig. Eliso gave an artistic portrayal of Tonio's emotions. The whole number, and especially the latter part, was a magnificent conception.

SIX GRANDSONS TO BEAR REVERED DEAD.

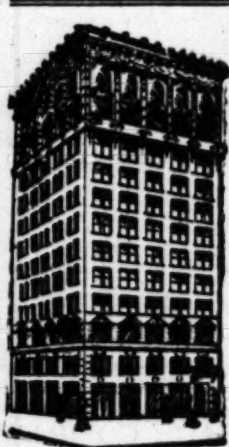

THE funeral of Mrs. Mary Andrews Clark, mother of United States Senator William A. Clark and J. Ross Clark, who died Saturday night as reported by Sunday's Times, will take place at her home, No. 523 South Olive street, Tuesday afternoon at 2 o'clock.

Six sturdy grandsons will bear the remains to their resting place in Rose-fale Cemetery. The services at the home will be in charge of Rev. S. T. Montgomery, pastor of the Third Presbyterian Church, assisted by Rev. J. M. Newell and Rev. David R. Colmery, and will be open to friends of the family. Interment will be private.

"It is not necessary to be miserly or little, but just to save. To earn a little and to spend a little less; to live well within one's means and always to keep the account in the savings bank growing at a reasonably steady rate. And it isn't a hard task, either. Try it. Let this be the 'new leaf' turned over on the first day of the coming year."

FEARS BURGLARS.

The Prince of Wales Inures Against Visits from the Knights of the Jiminy.

[Baltimore American:] George, Prince of Wales, enjoys the distinction of being the first scion of royalty to insure his possessions against burglary. He has taken out policies for a very large amount, which have been divided up among several English and a couple of American burglary insurance companies. It is said that he deprecates the idea of this action on his part, being made known to the United Kingdom, on the ground, possibly, that it constitutes a reflection on the honesty of, at any rate, some of his future subjects; but I suppose that there is no objection to the matter being made public here. There will be many who will feel surprised that a Prince of such importance as the heir to the throne of the vast British empire should have considered it necessary to insure his treasures against burglars, since one would naturally imagine that if there are any people whose houses and possessions would be well protected it would be persons of the rank of the Prince of Wales, whose residences are guarded not merely by uniformed police and by the cleverest detectives of Scotland Yard, but also by cordons of military sentries, yet experience has shown in the past that royal palaces are just as much liable to be visited by burglars as the houses of less exalted individuals, and the Brussels palace of the Count of Flanders, only brother of King Leopold, was burglarized twice within a period of twelve months, the robbers on the first occasion carrying off most of the jewels of the Countess of Flanders, while the second time they looted a quantity of the silver. The property was never recovered, and no clue was obtained to the robbers, who managed to get away with the plunder without being seen by the sentinels on duty or yet the police. Some of the Dutch crown jewels and plate were likewise stolen from The Hague a number of years ago and subsequently recovered in this country. And there are many other instances of burglaries of houses of nobles and bona fide burglaries which have been perpetrated at the expense of European sovereigns and princes of the blood.

For Home Industry.

On Monday last Mrs. Samuel Glenn of Rattlesnake Flat became the mother of a bouncing baby boy. Mr. Glenn proposes to patronize none but home industry in the near future, and he is preparing to conduct his farm on those lines. On Saturday morning, November 19, to Mr. and Mrs. Will Smith, a fine seven-pound son. Mother and child doing well, and Will carries around another of those good-crop smiles.—(Washtucor (Wash.) If Men Might Live Again.

A London magazine has published a symposium on the question: "Have we lived on earth before?" and "Shall we live on earth again?" Dr. Alfred Russell Wallace, the eminent scientist, thinks it is improbable that people ever return to earth after dying, and he counts the whole reincarnation theory. Rider Haggard and W. T. Stead are inclined to believe that some people, at least, if not all who are living now, may have lived before and may live again on earth. Neither gentleman is, of course, able to furnish any evidence in support of his theory. There are some reasons why it might be a good thing if people could live through more

than one period of life on earth. Men are living now who would no doubt add greatly to the benefits of mankind if they could return. On the whole, however, the disadvantages of such a scheme would perhaps outweigh its better features. Few of us would, in instance, be inclined to think with pleasure of Sheriff Barrett returning in some future age as a harass and oppress the gamblers, and who could be cheerful, knowing that posterity might have to deal with Addicks and Gorman and the beneficiaries of the meat trust?—(Chicago Record-Herald.

Riverside—Fustian, Capitano, Hilona, Taser, Luckett, Judge Denton, Big Ben, Gold Rose, Homebred, Chalk, Haver, Warte Nicht, Greenock, Gloria, Confessor, Cruzados.

Santa Monica—Entries practically same as in Woodlawn and Santa Barbara.

Long Beach Steeple—Same as in other hurdle races.

It is not likely that there will be over ten starters in any of the stakes. A number of the horses entered here are now racing in Oakland, but the stake dates of the two tracks were so arranged that the big races do not come close together, and horses can be shipped here from Oakland by express, arrived early in the morning and went out that afternoon and won a big race last winter.

It is stated that there will be a hurdle race tomorrow and probably a steeplechase on Friday.

A dispatch in The Times yesterday morning from New York stated that the eyes of the horsemen back in the snow belt were riveted on Jockey Kent, who is now riding here, and that he would be sure of a job in the East next year if he improves. This is important if true, but he has done nothing startling here that would entitle him to a contract on the big tracks.

AMATEUR BASEBALL

CHAMPIONSHIP DECIDED.

The amateur championship of Southern California was determined yesterday at San Pedro in a match game for \$100 a side between the Hamburg team of this city and the San Pedro nine. There has been great rivalry between these teams all summer, each winning the majority of the games from the other teams they played with and making about an even break when they met each other. The score yesterday was 1 to 0 and the lone run of the game was made by the Hamburgers in the first inning. Alex De-prez, the regular league umpire, officiated and gave good satisfaction to the large crowd present.

The batteries were Gilroy and Le Brand for the Hamburgers and Cran-dall and Easterly for San Pedro, the latter pair being borrowed from the Olinde team for this occasion. The Hamburgers now strongly assert their claim to the amateur championship of Southern California, and are willing to defend the title with a \$100 side bet or even more.

The St. Elmo team defeated the Brass Workers yesterday in a fast and snappy game by a score of 5 to 4. The feature of the game being a home run by Smith of the losing team. The battery for St. Elmo was Kirkpatrick and Steadman and for the Brass Workers, Sallday, Drave and Smith. The St. Elmos are open to challenges and can be reached through Home phone 718.

The Pomona baseball nine shut out the Owls in an exciting game at Pomona yesterday. Pomona's star battery, Jones and Lumley, did great work, Jones being very effective with men on bases and striking out ten men. Champion also pitched good ball, but was beaten by superior base running and errors by his team. Score: Pomona, 2; hits, 3; errors, 1. Owls, 0; hits, 3; errors, 3.

Batteries—Jones and Lumley, Champion and Gray.

SUNDAY FOOTBALL

EAST SIDES WIN AGAIN.

In a hotly-contested game of football yesterday afternoon between the Hill Tops and the East Sides, the latter won by a score of 11 to 0, the feature of the game being a long run by Murietta. By this victory the East Sides win the championship of Sunday football, as far as known. On Christmas Day they will play the Long Beach team at Long Beach. The line-up was as follows:

Hill Tops	East Sides
F. Kerr	R.G.L.
Yomes	Cobach
Quinto	H.E.L.
Daley	center
O'Brien	Gambie
Ramsay	L.T.R.
Zelinger	L.H.R.

NO RECORDS BROKEN.

OLDFIELD HAS ACCIDENTS.

(BY DIRECT WIRE TO THE TIMES.)

SAN BERNARD, O., Dec. 18.—[Exclusive Dispatch.] Before a crowd of about 600 people, Barney Oldfield this afternoon gave an exhibition five-mile race at Association Park in his Green Dragon, his best time being 53.1-sec. made during the last mile. The day's sport was marred by a north wind and accidents, both the Green Dragon and Charles Burman's machine breaking down while in a handicap race. Burman's machine snapping an axle and

the Green Dragon blowing out a tire. Oldfield rushing on 300 yards and plowing through the weeds and brush before bringing his machine to a stop. Oldfield's five-mile record was: First mile, 53.3-sec.; second mile, 54.1-sec.; third mile, 55.4-sec.; fourth mile, 55.4-sec.; fifth mile, 53.1-sec.

BRITT-NELSON FIGHT.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Dec. 18.—[Exclusive Dispatch.] All the training for Tuesday night's fight was practically ended today by Britt and Nelson, who will battle for the lightweight championship. Each declares if he loses there can be no excuse of lack of condition. The result of this battle is worrying the sports more than that of any ring event here in many months. The dope is so badly mixed up that no one can size up accurately the chances of either fighter. All admit Britt is quicker and cleverer than Nelson, but the question that worries is will he be able to land blows that will take the steam out of Nelson. The betting now is with Britt the favorite. The crowd promises to be the largest for any lightweight fight ever held here.

NELSON-BRITT.

DANE A TOUGH NUT.

Pugilistic interest now centers around the coming mitt duel between Britt and Battling Nelson which will be fought in San Francisco Tuesday night.

Britt is necessarily the favorite, though not enough betting has developed here to establish a price. From a distance, it looks as if the Californian, by the exercise of all his science, might be able to outpoint Nelson in twenty rounds, but the Dane seems to be altogether too tough a nut to warrant any predictions of a knockout. Britt for the decision looks about the complexion of the winning mutual ticket.

Both lads are in good shape—each realizes what the battle means to him. If Britt is beaten it is down and out; he has more to lose than the aspirant. Should Nelson be defeated, his is just another case of "a coming champion that never arrived."

MORLEY RETURNS.

BRINGS NO LIVE NEWS.

Manager Jim Morley of the Los Angeles baseball team returned to this city yesterday from San Francisco, but has nothing new to report in addition to what the press dispatches told about the ball league meeting in the metropolis. He says the questions of Newton and Chase, four-strike rule and other matters like these will be fought out by President Bert when he attends the meeting of the National Commission in Cincinnati next month. As far as Morley knows, Toman, Ber-tard, Ross and possibly Flood, will be the only members of the local team to spend the winter in the East.

A FINE TRIP.

IN QUAIL COUNTRY.

J. J. Jenkins and Jim Morris recently returned from one of the pleasantest hunting trips that has been reported this year. The gentlemen were gone about ten days, and drove something over 300 miles in their jaunt, which comprised an itinerary starting at Los Angeles, taking in Elsinore, Temecula, Pais, San Diego, Escondido, Oceanside, Capitano, Santa Ana, Orange and back home again.

They found all the quail they could use and ate them cooked in every imaginable way, bringing home some. The duck shooting at Elsinore, Mr. Jenkins says, was utterly inaccessible, the birds remaining out on the lake.

Shooting Notes.

Clarence Haight, a well known San Francisco sportsman, was a guest with Hip Justins, on the Newport marsh last Wednesday. Three shooters killed about sixty birds.

J. Ed Vaughn, the well known trap-shooter was in the city last week, having returned from his visit to the North-west more than pleased at the country. Vaughn expects to make the Puget Sound section his home hereafter and will ship his goods this week.

R. E. Rose scored half a limit on the Cerritos Club Wednesday.

Jackknives are still rather scarce, though gunners manage to kill a few occasionally.

The usual migration of brown plover has not materialized as yet, possibly because of the lack of rains.

Very few geese have been seen on local marshes (thus far this season). With the mid-week shoot half the present duck season passed into history. It has not been an untitled success—in fact was the poorest for years.

REMEMBER "THE LEAST."

Many Charitable Institutions of City and Vicinity Need Help to Provide Christmas Cheer.

While the thousands of Los Angeles people are busy with their Christmas shopping, and spending their money freely to bring happiness into the hearts of relatives and friends. The Times wishes to drop a hint as to the propriety of extending these benefactions to a class of little ones who must of necessity depend on the sympathies of the general public for their Christmas cheer.

There are in Los Angeles and immediate vicinity many orphanages, homes and kindred institutions which are doing a worthy work in caring for those whose natural guardians are dead, or cannot for various reasons perform their office. Each one of these institutions would gladly look after the careful distribution of Christmas favors for the children under their care, and The Times is confident the public, after a reminder that these children must depend on its bounty, will make a generous response.

In this prosperous land of plenty, let us see to it that not one child in any of these benevolent institutions goes unprovided with Christmas gifts, and in remembering "the least of these" each contributor will but increase his own Christmas joys.

UNDER CRUEL WHEELS.

Unknown Mexican Crushed to Death by a Pasadena Short Line Car.

An unknown Mexican, about 35 years old, was crushed to death beneath the wheels of car No. 223 of the Pasadena Short Line, near Baird Station, at 8:30 o'clock last night.

The car was in charge of Motorman J. E. Shoddy and Conductor W. H. Wood, and was running toward Los Angeles at a high rate of speed when the man attempted to cross the track only a few feet ahead. The motorman had no time to even check his speed before the unfortunate was struck. When picked up the remains were horribly mangled. The body was sent to Breese Bros' morgue. In the lining of the coat the name "N. Duarte, Po-mona," was found, but the dead man possessed nothing more by which he could be identified. Two bottles of whisky were the sole effects of the dead. An inquest will be held Tuesday morning.

AT THE CITY'S GATES.

THE NORTHWEST. EAST LOS ANGELES.

ONE of the most interesting social events of the past week was the silver wedding anniversary of Mr. and Mrs. James Travis of No. 418 Napa street, which occurred last Friday. James Travis and Miss Belle Massey were married at the residence of the bride's father, Robert Massey, No. 1707 Arlington avenue, Philadelphia, December 17, 1871. The ceremony was performed by Rev. W. H. Hodge. Miss Massey was the bride, and Mrs. Samuel Davis was best woman. At the silver wedding many friends were gathered, including the mother of the bride, Mrs. E. M. Massey, a brother and sister, Maie M. Massey and Mrs. Julia W. Ferrine, and the witnesses of the wedding ceremony, Mr. and Mrs. W. H. Harris. Mr. and Mrs. Travis stood under a canopy of vines, from which were suspended the silver figures of the years of the marriage and the anniversary, and with clasped hands they pledged vows that reach toward their golden wedding. They were attended by their two daughters, Mrs. Bonnie Chase and Miss Martha Travis, and their son, Robert Travis. Rev. F. A. Field, the former pastor of the family, was present, and invoked blessings on the future years of Mr. and Mrs. Travis. The "bride" wore French gray albatross, trimmed with cream lace, and the jewelry which she wore at the first ceremony.

The Philadelpia Club of the College Settlement will give a candy and calendar sale at Settlement House, No. 408 Alpine street, on Thursday evening.

The marriage of Rev. Clyde M. Brownlee of the Good Samaritan Mission in this city, and Miss Grace Lundy of Chicago, took place at the residence of Oscar C. Beach, No. 465 Centennial street at 7 o'clock on Saturday evening. Rev. E. M. Judge of Maple Rapids, Mich., performed the ceremony. The bride accompanied the officiating clergyman and his wife from Chicago on the delayed Santa Fe train, and this arrived only three hours before the wedding ceremony was to take place. After the ceremony a fine repast was served by the hosts, and this was followed by musical program, rendered by the Misses Flora Duxie and Isabella Roedel. Rev. and Mrs. Brownlee will reside at No. 111 South Figueroa street.

SOUTH LOS ANGELES.

Residents of this part of the city have shown much interest in the recently-organized South Los Angeles Band, whose first public concert, given last Friday evening, was a decided success. The hall was crowded and the various members of the band enthusiastically cheered. An excellent program was rendered, several solos being introduced by Miss Edith McDonald on the violin; Bert Teasle on cornet and P. H. McIntyre on the trombone. A pleasing duet for the piccolo and piano was rendered by Messrs. T. and W. Wilkins. The band is composed of amateurs and is under the leadership of W. W. Braden. This is the first of a series of concerts which the band intends to give during the winter.

The marriage of Mrs. Sarah J. Sweet and Simon J. Brummett, both of South Los Angeles, took place at the Congregational parsonage on East Twenty-eighth street, December 3, Dr. E. L. Howell officiating.

Mr. and Mrs. J. H. Taggart of Wiltona, Ill., have come to spend the winter in Southern California and have been the guests of Mr. and Mrs. W. H. Merrill at No. 1238 East Twenty-eighth street.

Mr. and Mrs. L. J. Hodge and son have come from the East to spend the winter here, and are the guests of the Merrill family.

Mr. and Mrs. Dexter Alpha Stevens are now settled at No. 2019 Griffith avenue, where Mrs. Stevens will receive the first Thursday of the month, both afternoon and evening.

THE SOUTHWEST.

Mr. and Mrs. Charles W. Harding of No. 1633 Orange street had as their guests on Friday evening the Republican candidates for the Board of Education in the recent municipal election, including Mr. and Mrs. W. W. Brownlee, who were in the city on business and a guessing contest was played, after which refreshments were served at a long table in the dining-room. There were speeches from Mr. and Mrs. W. W. Brownlee, Mr. and Mrs. E. H. Healy of Millersville, Ill.; Mr. and Mrs. Albert J. Sherris of Los Angeles; Mr. and Mrs. W. W. Brownlee, Mr. and Mrs. Charles W. Harding, Mr. and Mrs. John W. Whitman, Mr. and Mrs. E. E. Selph, Mr. and Mrs. Frederick Maeder, Mr. and Mrs. Charles F. Young.

Mrs. G. W. Sessions of Grand View avenue has returned after an extended stay in the East. After seeing the fair, friends were visited in Chicago, St. Paul and Minneapolis.

Mrs. E. R. Northmore of No. 1520 Winifred street entertained on Saturday afternoon in honor of her little daughter, Helen Harriet's, sixth birthday. She was assisted by Miss Edith Robertson and Misses Myrtle and Bertha Scott. Those present were: Connie and Felice Auchel, Marguerite Giffon, Marion Jones, Bertha Miller, Elmore Smith, Pauline Laurence, Lucille Twine, Lucille Riddell, Mabel Kirkpatrick, Grace Smith, Lillian Walker, Lily and Luella Leabo, Beniah Hess, Besse Jones, Irene and Ida Robinson, Celia and Inez Joachim, Mamie Jenkins, Edith Ketchum, Helen Kerner, Elizabeth and Louise Hamilton, Dorothy Olsen, Melinda Smith, Alma and Beanie Wilson, Earl Houston, Donald Little, Hubbard Owen, Ernest Peck, Kenneth Robertson, Harold Dickinson and Alvin Wilson.

THE WESTLAKE PREPARATORY SCHOOL.

The Westlake Preparatory School, at No. 612 South Waverly street, entertained the pupils of the intermediate of the Christmas season. The rooms were decorated in the Christmas colors of red and green, profusion of garlands and holly being used. After contests for prizes, refreshments were served in the dining-room, and the favors were cards to which were attached sprigs of Eastern Holly.

GARVANZA.

F. I. Wheat gave a discourse before the Garvanza Fortnightly Club last Thursday evening on "The Making of Human Institutions." Mr. Wheat found the institution of the family typical of all others. The man's individual personal desire, working along the line of strength, first created the family institution, which grew finally apart from him into custom—custom stronger than his own strength of will. The speaker treated the evolution of legal and political institutions, and discussed the economic institution of the family. In all, it was one man, or a few, who blazed the way, but whose achievements were shared by the many, or socialized. Nations have always fallen into decay where the strength of their people has not been sufficient to socialize the achievement of the few. The club will meet December 23 at the home of W. R. Myers, No. 296 North Avenue 66. Mrs. Lu Wheat will then give her interpretation of Kipling's recent story, "They." The symbolism of which has so escaped the critics.

PICO HEIGHTS.

Mrs. Minnie Cooley McMillan and Percy I. Hussey were married Thursday evening at the home of the bride's father, Mr. J. C. McMillan, at the corner of Tenth and Federal streets. Mrs. Orson Penrod, a sister of the bride, was matron of honor, and her husband was best man. Little Harold McMillan was ring-bearer, and Mrs. Charles Adams, a sister of the bride, played the organ. The ceremony was performed by Rev. D. B. Loofburrow of the Methodist Church. Mr. and Mrs. Hussey have gone on their short wedding trip, after which they will be at home in their own house on Federal street.

Miss Katharine Wood of No. 1115 Federal street is dangerously ill of diphtheria.

Rev. J. M. Schaefer of the Congregational Church took for his subject yesterday morning, "Victorious Faith." The topic of the evening discourse was "Christ's Way of Giving." Prof. Robert Prichard, a student of note, assisted the chorus choir.

Mrs. A. T. Lister of No. 1219 Broadway avenue, spent her home on Friday evening at the Baptist Young People's Union. After the regular business session, games were played, and refreshments were served. When the merriment was at its height, by an ingenious curtain scheme, hundreds of miniature stockings were revealed, pendant from the ceiling. Ribbons attached to these stockings were handed to each guest, and on claiming a prize the owner found suitable Christmas gifts in the stockings.

Mr. and Mrs. Bert Cole and children and Miss Lucena Hussey, from Potoway, Mich., are located at No. 1620 Arapahoe street.

Recent payments have been made toward the Methodist Church and parsonage. Lawns and flowers will shortly be added.

J. C. Zimmerman has left for two years of travel. His itinerary will include San Francisco, the Hawaiian Islands, Ceylon, Aden, Naples, Geneva and Guiltard, the city in Switzerland. Mr. Zimmerman left many years ago.

UNIVERSITY.

The Los Angeles Land and Realty company purchased a twenty-acre tract of land from W. A. Spaulding, at the corner of Jefferson street and Western avenue. The tract will be subdivided into city lots, and will be shortly placed on the market. Many new homes are being erected in this section.

Mrs. William Gregory of No. 1821 Gramercy Place, entertained the Ladies Aid Society of the Magnolia Avenue Methodist Church on Friday evening. An interesting program was rendered, which included solos by Mrs. D. L. Smyser, Mrs. O. L. Smith and Little Anna Butcher. A delightful feature of the evening's entertainment was the singing of "The Christmas Song" by the church choir. Rev. P. McKnight and wife, in honor of their fifteenth wedding anniversary. A beautiful glass bowl was presented to the couple by the church. Refreshments were served.

Mrs. W. M. Armbruster of Holbrook, Ariz., is a visitor at the home of Mrs. M. J. Woods of No. 834 West Thirty-eighth street.

At a meeting of the Basketball Association of the University of Southern California, Miss Mabel Payton was elected president; Oliver Best, manager; and Ethel Hogan, captain. Teams will be organized at once from the numerous aggregations already in the field to represent the Methodist university on the basketball courts this season.

James House of No. 1131 West Thirty-first street entertained the members of the Sonoma class of U.S.C. Friday evening at their home. "Variety" was the theme of the evening, and the guests were decorated, and musical games provided entertainment for the unrefined. Refreshments were served in the college colors.

George W. Alexander and wife have returned from the East, and will reside at No. 311 West Thirty-eighth street.

BOYLE HEIGHTS.

The week has witnessed the passing away of one of the well-known members of the Sisters of Charity, Sister Vibiana, who for twelve years has faithfully labored at the Boyle Heights Orphanage. Sister Vibiana was a member of the order for thirty-seven years. During the past year her health has been such that she has been confined to the Sisters' Hospital, where her death occurred on Saturday, the 19th inst. A solemn mass of requiem was celebrated for the repose of her soul, Very Rev. J. S. Glass, C. M. D.D., officiating. A requiem mass was also celebrated for Sister Vibiana yesterday morning at the Sisters' Hospital.

Surveys have been made during the week by the employees of the Pacific Electric Railway Company, preparing to straightening out the dangerous curves on their Brooklyn Heights line. It is probable that the new track will be laid on the western extension of Brooklyn avenue, and thence by a viaduct onto Macy street.

The Second-street school second football team added another game to its credit last Friday afternoon by winning the victory over the Eighth-street team, with a score of 5 to 0. The game was backed by Courtney Debus was the feature of the game.

The Methodist Church held their annual bazaar in the Sunday-school department of the church last Friday afternoon and evening. There was a large attendance, and the affair was very profitable.

The vacant lots lying on both the east and west sides of North St. Louis street, between Michigan avenue and Jersey street, have been purchased by Mr. and Mrs. George Bear.

They have had a force of men and teams at work grading down to street level, and they will build several cottages on the tract.

Henry Mertz is building a five-room cottage at No. 1701 New Jersey street. A five-room cottage for Vendree Jacob was begun last week at No. 3211 Emmet street. At No. 2027 on this street, Mrs. J. Taylor is building a small cottage for her home.

Mrs. M. B. Hyland is the owner of a 1000 cottage now building at No. 126 Utah street.

At No. 1426 Malvern avenue a 2000 cottage is in process of building for Richard Bush.

A six-room residence for Edward J. Bondie is now building at No. 3512 Poydras street, at a cost of \$1700.

George P. Savage is building a 1500 cottage at No. 2514 Gleason avenue.

J. Marchand is building a 1000 cottage at No. 147 Clarence street.

J. T. Brooks has begun a cottage for his own home at No. 541 Gleason street.

John Gross has built a four-room cottage at No. 3243 Emmet street.

A DJOURNMENT FOR HOLIDAYS. WILL BE TAKEN BY THE TWO HOUSES WEDNESDAY.

Little Business Likely to Be Done in the Interim—Question of Where the Inaugural Ball Shall be Held Appears to Have Reached a Dead-End.

(BY THE ASSOCIATED PRESS—P.M.) WASHINGTON, Dec. 18.—The Senate will adjourn Wednesday for the Christmas holidays, and no business will be attempted previous to that time. A large number of the Senators already have left for their homes to spend the holidays, and there is an understanding that immediately after being called to order Monday, the Senate will adjourn until Wednesday, and that Wednesday's proceedings will be confined to the mere formalities.

OREGON LAND FRAUDS.

GRAND JURY TO CONVENE. (BY THE ASSOCIATED PRESS—P.M.) PORTLAND (Or.), Dec. 18.—As was ordered by Judge Bellinger when the second of the land-frauds cases was postponed until next April the United States grand jury will convene tomorrow. This session without doubt will be the most important meeting ever held on the Pacific Coast.

Gov. Oswald, Dec. 18.—The Post today says Senator Mitchell and Representative Blinger Permann of Oregon left Washington last night for Portland to appear before the Federal grand jury and face charges that have been made implicating them in the land frauds. Both Senator Mitchell and Permann declared in most positive terms that they are absolutely innocent, and have nothing to fear from their rights to go before the grand jury and make answer to all charges that may be made against them, confident that they will be able to establish their innocence.

When asked last night why he had decided to return to Portland at this time after having declined to go as a witness when summoned by subpoena a week ago, Senator Mitchell said: "I was advised yesterday by telegrams from Portland that it was reported from there that Potter, Watson and others of that gang had made confessions implicating me and that there would be an effort made to indict myself and Hermann before the grand jury, which meets tomorrow."

A week ago, when I was called as a witness, I had no intimation that it was claimed I was implicated in any way, and I did not feel it my duty to go and sacrifice public business, but the moment I was advised that I was being attacked personally, I concluded I was justified in sacrificing public business and everything else, and to defend my character against a wicked and malicious charge.

Sentinel Mitchell sent this telegram yesterday to Dist. Atty. Hall and assistant Attorney-General Henry: "I will be in Portland next Saturday. I demand thorough investigation of the grand jury of all charges, if any, against me. I also demand right to appear as witness before grand jury."

Hermann, before leaving, made this statement: "Information having been received that the grand jury would attempt to be made to indict myself and Hermann before the grand jury, I believe it to be my duty to proceed to Portland and there ask the privilege of meeting any charges which may be preferred."

Both Senator Mitchell and Hermann say, continues the Post, that the move against them has been directed by Secretary Hitchcock, and attribute it to his personal hostility toward them.

What Shall We Have for Dessert?

This is an important daily question. Let us answer it today. Try

Jell-O.

America's most popular dessert. Received Highest Award, Gold Medal, World's Fair, St. Louis, 1904. Every box contains full boiling water and salt to cook. Flavors: Lemon, Orange, Raspberry, Strawberry, Chocolate and Cherry. Order a package of each flavor from your grocer today. 10c.

LOTS \$250.

Large lots—water-side walk and curbs. BURKE BROS., 214 S. Spring.

Sunnyside Park

LARGE VILLA LOTS \$150
RICH SOIL. ABUNDANT WATER.

Do not overlook the Opening Sale of this pretty tract

Today, Monday, Dec.

This will be a day long to be remembered by the fortunate ones who secure a lot or two—AT THE OPENING PRICE—

1-4 Acres \$150 1-2 Acres \$300

Small Payment Down, then only \$10 per Month

NOTE CAREFULLY THE IMPROVEMENTS:

The tract has splendid street car service, being only a few minutes over the Redondo or the San Pedro car lines. It has cement walks and curbs, and graded streets. Abundance of pure water, furnished by a powerful pump, is piped to each lot in greater quantity than can ever be used. The streets will be lined with palms and ornamental trees.

The lots are high and level and specially adapted to the culture of vegetables and flowers. No adobe or alkali soil.

MONEY BY THE BAG FULL
Is Being Made in Real Estate. Are You Getting Your Share of It?

No better chance of securing a desirable place for a home or as an investment, has ever been offered to the public. The prices that I have set these lots are far below their actual value, and no doubt will double in a very short time. Such lots have not been sold in Los Angeles at as low a price for many years. Take time by the forelock and investigate my proposition today. The number of lots is limited and they will soon be gone.

FREE CAR TICKETS, Maps, and all other information can be secured by call at my office. Go to the Tract today and reserve your lot. Agents will be there to meet you.
